

Aditya Gaonkar

WEB DEVELOPER | DESIGNER

Goa , India | 9518554423 | aditya.gaonkar1907@gmail.com

Objective

Passionate and creative Web Developer and Designer seeking a challenging role to build intuitive, responsive, and visually appealing digital experiences. Eager to contribute strong front-end skills, UI/UX sensibility, and a problem-solving mindset to a dynamic team focused on impactful web solutions.

Experience

The ASK Systems | Web developer Intern – 2months

June 2024 – July 2024

- Gained hands-on experience in responsive web design, UI/UX principles, and industry-standard development practices.
- Improved understanding of backend logic, CMS customization, and code structure optimization.
- Learned the fundamentals of PHP, MySQLi, and WordPress in a professional environment.
- Observed and understood how real-world web development projects are structured and deployed.

Projects

Innovate Bharat – Personal project

Tech Stack: PHP, HTML, CSS, JavaScript, Bootstrap, MySQLi | Duration: 2 weeks

- Developed a platform to inspire and connect young Indian innovators in science and technology.
- Implemented innovation submission features, user dashboards, and a mentor management system.
- Focused on intuitive layout, content structure, and performance optimization.
- Designed with scalability and community engagement in mind.
- **GitHub:** <https://github.com/venom79/InnovateBharat>

Cataract Detection Website

Tech Stack: Python, Flask, TensorFlow, NumPy, Matplotlib, scikit-learn, Seaborn, HTML, Bootstrap | Duration: 1 week

- Built a web-based cataract detection system using a trained machine learning model.
- Integrated image upload functionality and a Flask backend for real-time predictions.
- Visualized data using Seaborn and Matplotlib to support model training and evaluation.
- Designed a clean, minimalist front-end interface with a dedicated doctors' info page.
- **GitHub:** <https://github.com/venom79/CataractDetection>

Education

Dnyanprassarak Mandal's College

2023 - present

Bachelor of Computer Application

St xavier's higher secondary

2021 - 2023

Stream: Science - Computer science

Percentage: 86.5%

Skills & abilities

- Problem solving
- C/C++
- Html,Css,Js
